Dear Jefferson Families,

This coming week, due to student excitement and participation, we will be offering coding during lunch time again. A few weeks ago Jefferson students and families participated in **An Hour of Code** by going onto [www.code.org](http://www.code.org), [www.hourofcode.com](http://www.hourofcode.com), or [www.khanacademy.org/hourofcode](http://www.khanacademy.org/hourofcode). The purpose of this global movement was to raise awareness about computer science and nurture problem-solving skills, logic and creativity. Our students flooded to the cafeteria during their lunch hour to participate and therefore we are setting up this activity for them more often. I encourage you to go on to these websites and challenge yourself, make this a weekly family activity or even a family contest. It is unbelievable how quickly our students are able to navigate the world of computer science.

The following information has been in many of the newsletters and sent home via email. However, we are still seeing cars waiting in line on Linne Road or Chrisman Road. Please read through this information and do your absolute best to help.

This is a reminder: The county has placed signage on the side of the road in the drop off and pick up areas. Furthermore, CHP will be patrolling the areas during drop off and pick up to ensure cars are not waiting in the turning or traffic lanes. **Please do your part by parking in the parking lots if you are arriving prior to 3:00 if the drive through is full. We cannot have cars waiting on the street.** Your child can walk across the crosswalk to your car. Furthermore, your child cannot load your car if you are waiting on Chrisman or Linne, please pull into the lot to ensure their safety. Once the bell rings, traffic can flow through the drive through lane as usual. Thank you for your cooperation.

Thank you for your continued support, communication, and taking the time to read the Jefferson newsletter. Feel free to contact me at any time at [awooten@sjcoe.net](mailto:awooten@sjcoe.net) or (209) 835-3053 with any questions, comments, or suggestions.

**UPDATE ON TB TESTING PROCESS** A nurse has to administer the risk assessment questionnaire in person. This began on August 31st. Our district nurse (Tina), will be available the last Wednesday of every month from 3-4pm in the student services office. Anyone needing a TB test can drop in during that time for her to administer the questionnaire. Please come in when you get your first reminder 3 months before it expires, so that you have enough time to obtain a test should you not pass the questionnaire. The dates will be: January 25, March 29, February 22, April 26, May 24
