A note from the Principal ~

Dear Jefferson Families –

College Week is this week and I hope you have been talking with your child about the importance of education and collegiate opportunities they have. We will be celebrating this week by showing spirit for colleges, having essay and poster contests, and participating in a culminating rally this Friday, September 18th.

The link below takes you to the California State University Program preparation for college page.

<http://blogs.calstate.edu/college/prepare-for-csu-admission-early/>. Specifically, the website offers suggestions for preparing for college as a middle school student. Some information from their website is below

Why do you go to college?

College offers the opportunity to explore many different interests and ideas, to meet a variety of people, and to learn about yourself. You go to college to earn a degree (like an associate's, bachelor's or master's degree). The degree demonstrates that you have obtained the knowledge and skills required for many careers. A college degree can help you earn more money, opportunities and jobs.

How do I prepare for college?

Here are things you can do beginning in middle school:

- Explore your interests
- Get help from your teacher and family when you need it.
- Talk to your school counselor about course that will prepare you for college.
- Read a lot of books.
- Study hard, turn in your schoolwork on time, and do your best to earn good grades (A's and B's).
- For more information on preparing for college, visit KnowHow2Go.com
- Get involved in school based activities

We are looking forward to an exciting week celebrating and talking about future education.

Thank you,
Alyssa Wooten
Principal
